

Sprint competition

Sprint is a new competition in the Nordic Championship and has only been arranged twice before the event in Norway. The area around the event centre Birkebeiner Hotel & Apartment has an orienteering map from Lillehammer OK in the scale 1:10 000. We were lucky and could use the original Ocad files to make a 1:5000 map and make late corrections of new construction work in the area.

The track started from the hotel opposite a local road with the first 5 transmitters in an area with many tracks and paths, running upwards and under the road bridge with the S before the last part which was an open park area with grass fields with the finish at the hotel. Some issues with a transmitter that has a loose ground wire gave some runners a challenge to find the transmitter, but the best running time was between 15 and 17 minutes, which is a fast run in the 2km long track.

Best runner was Håkan Melin with a running time of 15:03.

Nordic Championship 2015

Results with split time for the sprint competition

Results are divided into age classes, overall classes and a complete visitor and Nordic list of results.
